

Double Lot, Half Price Ocean, Mountain View

\$45,000.00

Double Lot, Half Price Ocean, Mountain View Two adjacent lots, T12 and T14, for nearly an acre of gently sloped, ocean and mountain views. Build on one, reserve the other for an organic garden of your dreams. Or utilize both to live in one and create an income producing property on the other. Villas Oro is a quiet and peaceful community with only 20 lots in the cooler foothills. The neighborhood of large properties is located just a short drive from the town of San Juan del Sur, but it feels like a world away. Enjoy long hikes down quiet country roads, or let the little ones run free to explore the surrounding nature
